# **Events**

All happenings are being signed up to the calendar down below to give you a fair overview of things. You can subscribe to the ical2atom feed to stay tuned on the latest changes, if you'd like. It's supported by all major applications and services.

# **Regular recurring events**

These are events which recur on a regular base. Usually they don't, and also shouldn't intercept with each another on the same day.

- ChaosMeetings
- Social Events

### **Irregular events**

- Code & Hack
- Spark-Up!
- Conspiracy Night
- cypherpunk Movie Night
- Gutenberg Readers Night

## Add an event

When adding your own event, use the form below. A template with predefined values will be loaded to ensure the same pattern over all events.

Event Name * [	Start Date *	End Date	Venue [[:chaosstuff
