

# P.S.I.A.I. - Interactive Art

<b>Name</b>	P.S.I.A.I. - Interactive Art
<b>Description</b>	P.S.I.A.I. stands for personal space interactive art installation. It will be a fully open source art installation that anyone will be able to reproduce. The meaning of this installation is to have a seemingly non-reactive box, react to people intruding it's "personal space" and it reacts differently depending on how it is intruded.
