3D Print Liveview

Under **mcr-printview.lan** (**192.168.1.220**) you find a webinterface where you can either start a livestream or Live Images from the 3D printer.

Livestream

http://192.168.1.220:8080

Live Images

http://192.168.1.220/images.jpg

Live Images can also be viewed on the DECT phones.
