Time	20:00
Location	Mumble
Administrative Council Attendees:	metalgamer , virii , xbr
Minutes Recording	

Agenda

- [Funky HAM](#) - [peter](#)
 - The main focus of this project is to promote the use of open source for amateur radio and to plan projects and workshops to engage people and especially the youth into the fun that is radio-communication. (executing a workshop might be possible in the future but for now is not a main target)
 - Future club callsign:
 - After I get my HAM License I would like to get a club callsign for the C3L: LX9CCC
And I am looking for consent by my fellow members.
 - I also invite everyone who has interest in any form of radio-communication to participate in this project. (No HAM-License required)
- Special Meeting on the 4th of october - [peter](#)
 - I propose to have a special meeting to address what the members were up to during the pandemic and have an exchange about the club itself and future project ideas. The special Meeting may incorporate some ideas for organizational changes. AKA: maybe some small presentations by the members?
 - Or/And to be a social event with some board games.
