

ChaosMeeting 2025/06

Date	17/11/2025
Time	20:00
Location	nextcloud / ChaosStuff
Administrative Council Attendees:	metalgamer , virii , xbr
Minutes Recording	

Agenda

- ChaosStuff Network
- Request Tracker - [virii](#)
- ChaosStuff Updates - [xbr](#) / [orimpe](#)
- Meshnet

Minutes

ChaosStuff Network

We use a FritzBox to do PPPoE, and it also splits it into 2 VLANs: ours and a guest. The WAN on the Omnia is the "ours" output on the FritzBox.

Turris might have some static leases with names, but probably can't resolve the names to IPs.

Request Tracker

ChaosStuff Updates

Meshnet
