Minutes

Matrix

Officially, no new clients are added anymore, and there is no fallback. However, our public channels are still bridged to XMPP. We might also move to IRC as an alternative.

Webmaster Anfrage

Virii offered to build them a website in exchange for a donation.

Solder Stamp Kits

We were introduced to soldering kits that could be interesting for future workshops.

Website meshnet.lu

X has copied the repos and looked into how we can populate the website with content. Later, there will also be a mailing list for Meshnet at… https://lists.c3l.lu/

Datenschleuder

Virii is now also sending Datenschleuder #109 to libraries in Luxembourg.
