

Meshcore Companion Workshop vum C3L

Den 19ten Oktober ass eise Meshcore Companion Workshop.

Mir bauen eis den [V4 slim case](#) zesummen, erklären den Ënnerscheed vun de verschiddenen Firmwaren:

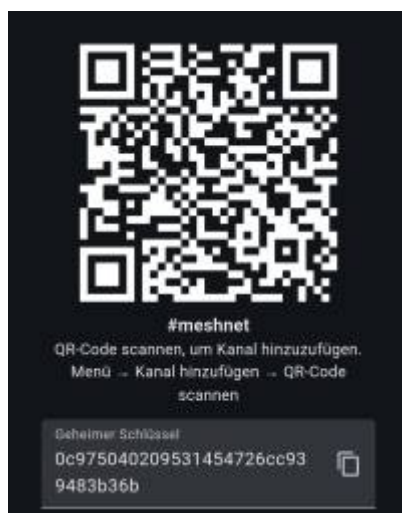

- Companion USB / BLE
- Repeater
- Roomserver

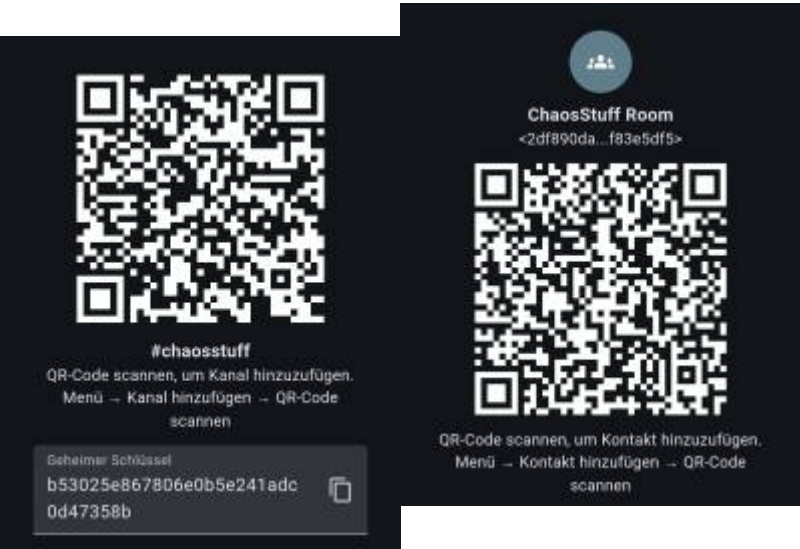

Dono ass Hands on mat dem neie Companion.

Wat brauch e fir ze flashen, weieng Apps ginn et?

Wou fannen ech interessant Channels?
