Minutes

C3L

1. Location Charel has offered to host the next meetings at his place, until we have a fix place 2. Reka Print Jan father has asked Reka Print (http://www.reka.lu) to sponsor us, we will recieve an answer this or next week 3. RepairCafé Invitation will go out. Charel, Sam, Kelly, Nadine, Marc, Dennis & Jan will join. 4. Shop in General Jeff Cigrand (Peter) will manage the shop

The shop will be linked clearly from the landing page

The wiki will be the main site for the shop

Ordering takes place via mail (or a cart, but that's future music)

Hanging on the Reka Print offer

5. Current Server status

trollchen & prometheus –> KVM

trollchen –> VPN (OpenVPN), Honeypot, monitoring (munin)

prometheus –> Mail Server (postfix (SMTPs) + dovecot (IMAPs)), apache2, DokuWiki

the_metalgamer –> prosody, backup script

virii –> Tails, CPAN mirror, Downloadbase, BTsync, NTP, Transmission, fail2ban, Keyserver & Tor

DNS Server –> ???

5.1 Landing Page Will be online if the new http-VM is up and running. 5.2. Rules

No noting is going to be altered on the production server

Exception to this rule, if the upgrade (NO DIST-UPGRADES) or whatever has been tested in the exact other VM.

The sys-op group needs to be informed of any changes.

Everyone is responsible for his services. No one shall alter configs of other users services without noticing them and receiving their GO.

5.2. Back-Up's See https://pad.riseup.net/p/c3l-backup 5.2. Mirroring Everyone who is able to mirror the landing page and wiki can do it. Update every once an hour. Roundrobbing or something else? 5.3. cypherpunk.lu The cypherpunk.lu domain will point to the wiki page of cypherpunk.lu and host a jabber instance as well. 6. BigBrother Award We need to give BigBrother awards in 2014. 7. JOIN A press communiqué needs to be prepared regarding the new company JOIN which cuts down net neutrality very badly. –> virii 8. Open Video Letter GO –> prometheus FOSDEM

Lighting Talk Presentation (30C3 slides)
