31C3

Congress Everywhere

We will do an mobile timing and at two places! One time at kahpa's father's place and one time at prometheus place! See congress-everywhere for more information!

Erfakreis

ch4r3l will go there! He will get in touch with prometheus to get more information.

FVDE Talk

We need to get together to look over it. Mo, Lunar and Jacob didn't send any news regarding the talk, nonetheless we should finish the presentation as soon as possible

entr0py

entr0py 25 will be a CCC review of the year, that will be done live. The show about the 31C3 will be in January.

Space

WE NEED TO DO A LETTER! Then the commune will discuss that! Bureaucracy as always!

LAN Party

20 November at the Pirates HQ. For those who are interested need to get in touch with the PP.

Conspiracy Night

In the new year! See the corresponding wiki page for more information!

Survival Camping

A survival weekend for hackers! See the corresponding wiki page for more information (members only)!

RCSL

It's accomplished! The problem was, that we put 'Viirstand' in the organ of the organisation instead of 'Comité' (or something in that way)

IRC

metalgamer created a channel on hackint. See community contact for more information.

Mumble

metalgamer will put it's server on the stay up2date page!

We don't have enough money to order some in advance. k3lly will ask on the mailinglist who wants one and then they will be ordered!
