#### **ToDo**

Please, review all ToDo's and update them

#### 31C3

#### **Congress Everywhere**

We will do an mobile timing and at two places! One time at kahpa's father's place and one time at prometheus place! See congress-everywhere for more information!

#### **Erfakreis**

ch4r3l will go there! He will get in touch with prometheus to get more information.

#### **FVDE Talk**

We need to get together to look over it. Mo, Lunar and Jacob didn't send any news regarding the talk, nonetheless we should finish the presentation as soon as possible

#### entr0py

entr0py 25 will be a CCC review of the year, that will be done live. The show about the 31C3 will be in January.

### **Space**

WE NEED TO DO A LETTER! Then the commune will discuss that! Bureaucracy as always!

# **LAN Party**

20 November at the Pirates HQ. For those who are interested need to get in touch with the PP.

# **Conspiracy Night**

In the new year! See the corresponding wiki page for more information!

# **Survival Camping**

A survival weekend for hackers! See the corresponding wiki page for more information (members only)!

### **RCSL**

It's accomplished! The problem was, that we put 'Viirstand' in the organ of the organisation instead of 'Comité' (or something in that way)

#### **IRC**

metalgamer created a channel on hackint. See stayup2date for more information.
