Minutes

ToDo

Please, review all ToDo's and update them.

Inventory

Next meeting we will clean and order our stuff. Things will be purged and trashed.

To enlarge our inventory with useful stuff, the meeting decided to buy:

- iFixit Macro bit Set + iFixit Pro Tech Werkzeugset
- Solderingstation
- Klarsicht-Magazin for screws, resistors, and small stuff

Presswork

Interview with RTL done. Will be aired this Thursday.
Will answer Eldoradio today via mail. It's about the refusal of the CCC app.
Jan does the Interview with Mr. Science and will prepare it.

Will have to talk about who gets an interview about what topic.

Mailserver

Mailserver is now accessible via hidden service but you need the authentication string and the onion address. Ask virii for access.

Repair Café

We will take Saturday as an open day to avoid interferences with our regular Chaos Meeting.

Conspiracy Night

21. November starts at 20:00.

4. No-Spy Conference

Will send the invitation on the mailing list for the conference.

Jabber

Our jabber server won't work with Tor Messenger right now. We will investigate further but the logs are not very promising. This issue will resolved by the next Chaos Meeting.

Hamburg

AirBNB AGBs forbids more clients than agreed upon. The host could cancel everything and we will lose the rooms for 32C3. To avoid Ragnarök the meeting decided not to host one more person.
