ChaosMeetings

ChaosMeetings take place every second Monday at 20PM in the clubs hackerspace. Every club member is very welcome! These meetings usually run down quite easily with the focus on happenings in the world of data protection, IT security, the club's projects, events and everything else that is related to C3L.

In virtue of our statutes, the ChaosMeeting is an autonomous organ of the association. All attending members are encouraged to bring in ideas, add topics to the order of the day and make use of their right to vote, when it comes to it.
