Commissions

The commissions within C3L should help the members and the organization to solve issues along the way.

Note: None of these commissions have yet been set or will be set into place, unless the (E)GA has voted in favor of these propositions.

Space Commission

The Space Commission (SpaCo), is responsible for managing the infrastructure. From buying food & drinks to representing the association in the Victor Hugo Syndicat.

Press Commission

Working with the press can be a hard task. That's why we have dedicated members who will deal with it. Answering questions, giving interviews and writing press statements. That's the job of the Press Commission.
