Initiatives

Freedom Not Fear

Freedom Not Fear is a yearly demonstration happening all over Europe to make citizens aware of the mass-surveillance state, which is being teared-up by politicians, intelligence services and multinational companies.

CNPD Cooperation

One of our longterm objectives, was to cooperate over a longer period of time with Luxembourg's national commission for data protection. In December 2014 we have placed the very first stone for this alliance in order to give privacy more value in the future.

Please, refer to CNPD Cooperation in order to view all essential information and get involved.
