Game of Life

Name	Game of Life
Description	Game of Life cluster
Status	Running
Contact	orimpe
Participants:	metalgamer

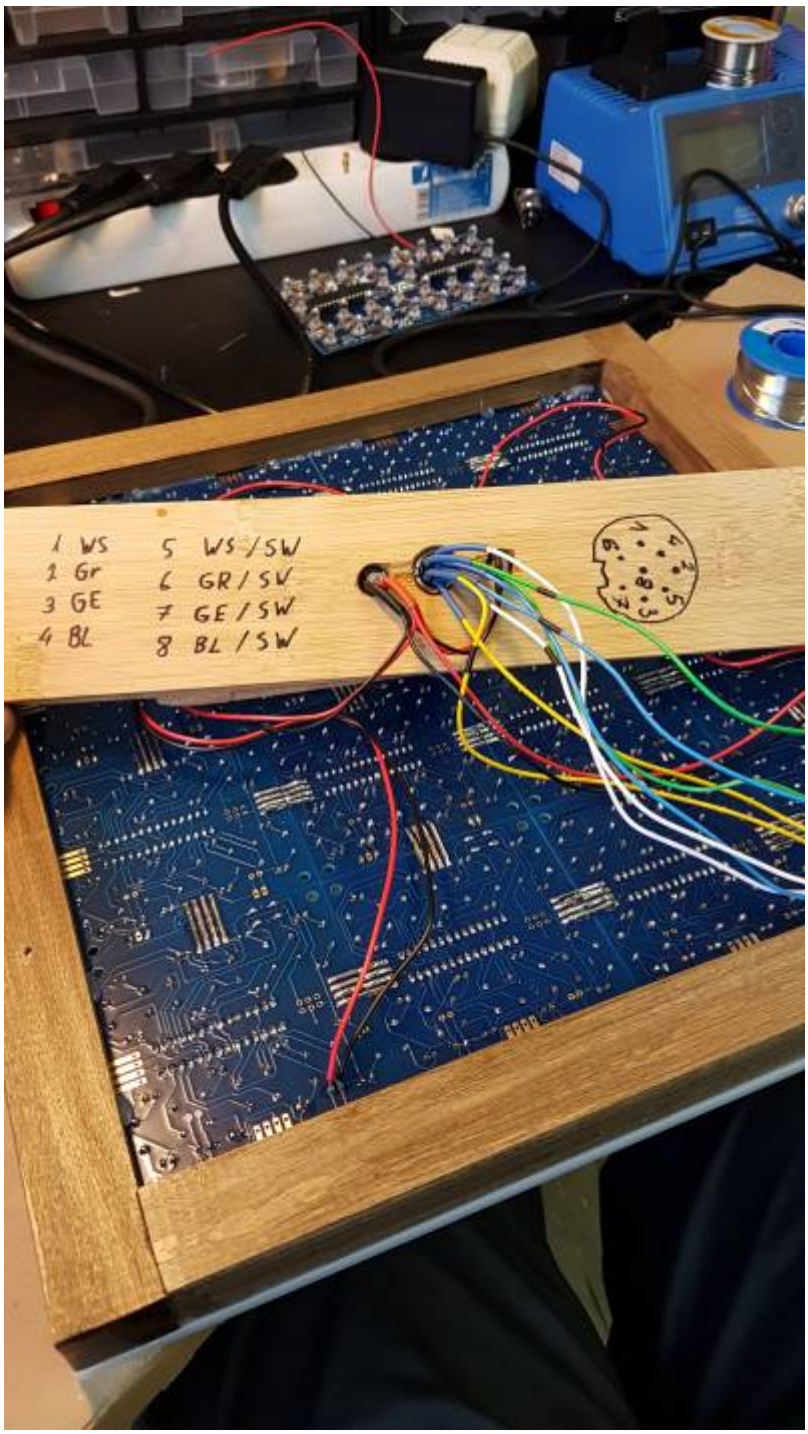

We use 16 Adafruit Game of Life's and High Power LED's and connect each other Panel, so we get a huge Game of Life with different colors. It's not the perfect because its really expensive by using the soldering kits ...
Here on the right is a finish panel (with orange LED's) an the first pieces of the second panel (with blue LED's) →

Partlist

- Adafruit Game of Life
- 8PIN DIN connector
- LED 5mm klar orange 2500mcd
- 25mm x 25mm Wood
- 335mm x 335mm x 5mm Acrylglas

How is the wiring
