Ideas

The ideas here can be worked on by anyone.
If users are listed, it is to show they had an interest in it or came up with the idea. As such, if you're interested, you can, if you want to, contact them for more information or collaboration.

Taken from recent AGAs:

- Campaign: **private surveillance by citizens** - some citizens record the entire street (mentioned by orimpe)
- Campaign: **usage data by ISPs and telephone providers** - deflenken tried contacting them in the past
- HackYard
- Bell for downstairs outside (ChaosStuff) - it must be removable because we cannot permanently install something there
- C3L Manifesto link is dead. It is mentioned in the statutes.
- Improve the Wiki

Older ideas

- http://www.wavepot.com/
- Try this in .lu: http://www.spiegel.de/netzwelt/web/chinesischer-provider-schickt-russische-daten-nach-frankfurt-a-1001999.html
- Lightpainting Stick – https://wiki.hacksaar.de/Lightpainting_Array
- Swatch Time on Camp Badge
- NextCloud bridge
  - Mumble
  - or single user
- Use RSS feeds to find out when articles are published about us.
  - Explanation: script downloads the feeds from various media outlets and then searches for "Chaos Computer Club" (and related strings) and notifies our press people through XMPP, Matrix or email
- Fun with https://meshtastic.org/
