Because of popular request to offer an easy to use web solution for your @c3l jabber account, we provide you a Jappix web interface under xmpp.c3l.lu . This means no extra software for you but also **no OTR encryption**!

If you'd like to have a Jabber address with C3L services, you can become a member of the club. If you are already a member and don't have an account yet, ping metalgamer, he will give you the instructions on how to get an account.
