

# Game of Life

<b>Name</b>	Game of Life
<b>Description</b>	Game of Life cluster
<b>Status</b>	Running
<b>Contact</b>	<a href="#">orimpe</a>
<b>Participants:</b>	<a href="#">metalgamer</a>

We use 16 [Adafruit Game of Life's](#) and High Power LED's and connect each other Panel, so we get a huge Game of Life with different colors. It's not the perfect because its really expensive by using the soldering kits ...

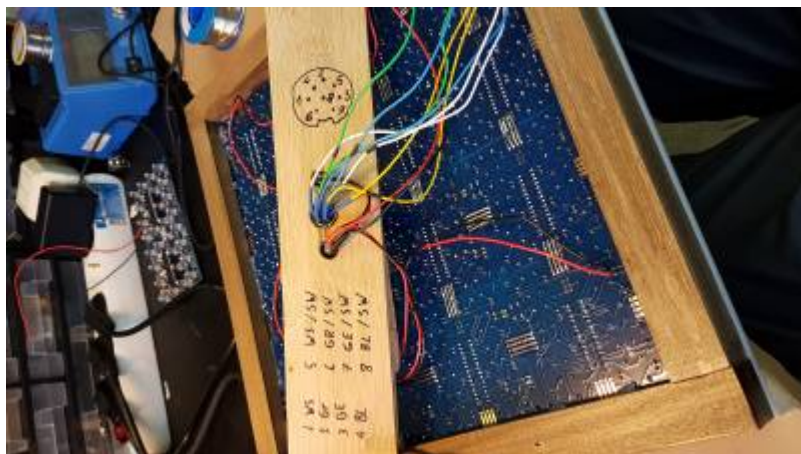

Here on the right is a finish panel (with orange LED's) an the first pieces of the second panel (with blue LED's) →

## Partlist

- [Adafruit Game of Life](#)
- [8PIN DIN connector](#)
- [LED 5mm klar orange 2500mcd](#)
- 25mm x 25mm Wood
- 335mm x 335mm x 5mm [Acrylglas](#)

## How if the Wiring
